Going to camp with friends is much more fun, so we encourage you to attend one of the camps listed below. If you can't, find a friend who can go with you to one of the many other camps offered at Round Lake. A complete listing is available online at www.roundlake.org or in the Summer Camp Book. Remember that camps correspond to the grade you will be entering fall 2019.

Come with us!!

Summer calendars tend to fill up fast. Register for church camp now and get it on your calendar first! ☺

☺ To register for camp you must complete the online registration process at www.roundlake.org. Create an account on the Round Lake website and easily register your campers. Alternatively, you can fill out a paper registration form and mail it in. These are available at church, in your camp book or on the RL website.

☺ Full payment can be made at registration, or you can pay half at registration and half later (at least a week prior to your camper attending). When registering online, just be sure to carefully select the correct choice if you want to split your payment, as pay-in-full is the default setting.

☺ Register early so you get the camp you want. Camps for 5th-12th grades can fill up quickly. You don't want to be left out!

☺ 2nd graders have the choice between a day camp or spending one night.

☺ 3rd graders can choose between one overnight or two overnights.

☺ Do you need help covering the cost of camp? Scholarships are available for families with financial need. You pay half the tuition now and W.C.C. will pay the remaining balance after you attend camp. There is a special section on the registration form to complete and a church scholarship code from Tom Sherrod or Austin SeEVERS is required. Request this code prior to registering your child. We don't want any student to miss out on camp due to financial issues, so please just let us know. We love to help!

☺ Parents, don't forget to send your camper some mail during their stay at Round Lake!
